Team TFVC,

I wanted to let you know I will be returning to TFVC effective immediately with a very narrow scope of work to assist in the legislative efforts.

I am not going to deal with anything that does not relate to this narrow focus. As well, I will NOT be involved in social media, random phone calls, or chit-chat.

Please kindly keep communication limited to legislative priorities. Any other issues, problems, or concerns can be directed to Matt just as they are now.
