Hi, Steve!

Thank you so much for taking the time to meet us this week to discuss vaccine choice and the issues we are facing in Texas. The timing for this conversation could not have been better with everything now being handed down from the federal government. It's been wonderful to see our elected officials quickly coming to the defense of Texans, and we are very grateful to live in a state that values our freedom!

Please feel free to reach out with any questions or concerns!
